

## Dental Assistant - La Mesa

### Full Job Description

#### What You'll Do

- Assist the doctor in all four-handed dentistry procedures with skill and efficiency.
- Perform all RDA functions confidently and in compliance with state regulations.
- Greet and prepare patients for their appointments, ensuring they feel comfortable and cared for.
- Select, set up, and organize instruments, equipment, and materials needed for each procedure.
- Take and process digital X-rays and impressions as needed.
- Sterilize and maintain instruments according to infection control protocols.
- Accurately chart treatment information and help keep patient records up to date.
- Provide post-op instructions and support patients in understanding their treatment plans.
- Assist in maintaining smooth daily operations by supporting both clinical and administrative workflows when needed.

#### What We're Looking For

- Current Registered Dental Assistant (RDA) license in California.
- Previous dental assisting experience preferred.
- Strong knowledge of dental terminology, sterilization procedures, and infection control.
- Excellent communication skills and a compassionate, respectful chairside manner.
- Comfort working in a fast-paced environment with a focus on teamwork and collaboration.
- Friendly, positive, and drama-free attitude.
- Ability to adapt and help where needed to ensure exceptional patient care.

#### Why Join Us

- Supportive, friendly, and professional work environment.
- Commitment to safety with proper PPE and enhanced infection control protocols.
- Opportunities for growth and continuing education.
- Competitive pay, PTO, and benefits.
- A chance to make a real impact on patients' health and smiles every single day.
